The Executive Vice Chancellor’s areas of responsibility will include existing units but will include new units:

- Continuing Education. In order to expand CE activity across all academic schools and colleges, but also to include the Elkhart Center.
- Academic Centers for Excellence (ACE): Our ACE center directly impacts the academic success of our students and it works closely with the academic departments, schools and colleges so this new reporting creates greater alignment.
- Enrollment Management: A new unit will be formed that includes core departments involved in recruiting new and transfer students as well as the current Retention and Student Success Center, that includes Student Support and the Titan Success Center.
- Other areas of responsibility: Faculty Affairs, Faculty Governance (with Chancellor), AA Budget

* Indicates a restructured reporting line
